ART DE VIVRE

ART DE VIVRE IN HARMONY

We are yacht builders, creators of dreams.

INTRODUCTION

It is with great pride that we introduce the M8 EVO, the newest evolution of the M-Line - our multihull range born from the distinctive PRESTIGE spirit. This model embodies our vision of the luxury of space. Designed to be your own private island, the M8 EVO combines generous volumes, natural light, and the finest materials to deliver a refined onboard lifestyle. With its innovative architecture, seamless flow of spaces, and uncompromising comfort, the M8 EVO invites you to rediscover balance, beauty, and freedom on the water.

*Jean-François LAIR,
PRESTIGE Brand Director*

A PASSION FOR DESIGN

Camillo GARRONI

We are entering a new era where we will be
a reference in the market.

Marc LOMBARD

The M8 was designed for a clientele that is looking for
volume, refined luxury, and exceptional performance.

I worked on the hull of the M8 with this in mind,
and the result is very different from what we find
on the market today.

A PASSION FOR DESIGN

"With the M8 EVO, the flagship of PRESTIGE's M-Line range evolves, enhancing an already exceptional product starting base.

New living spaces on the flybridge, a large-yacht approach to the layout of the saloon and owner's suite, elevate this model to a higher level of finish and spaces organization.

The whispered elegance of the M8 comes from every detail that contributes to a unique experience."

*Alessandro TOLLINI
PRESTIGE product Marketing manager*

"The interior is refined and impactful; natural materials and light enhance the space, creating an atmosphere of sophistication. Revealed through two distinct interior moods: one immersive and seductive, the other linear and charismatic. M8 reveals a new attitude—Form and space create unexpected perspectives in a continuous dialogue between inside and outside."

*Valentina MOTTA, PRESTIGE Product Interior
Design & Process Engineering Furniture Manager*

M8, IN ULTIMATE HARMONY WITH THE SEA

Multiple configurations

Interior and exterior furnishings have been selected to enable personalization of the yacht to suit your preferences. Each detail and finish have been carefully considered by experienced designers to offer a variety of atmospheres through a selection of materials and colors.

An all new dimension

Owing to her unique architecture, specifically designed for a power multihull, the M8 features an unrivaled volume of space on board, with an outstanding 270 m² of living space. A true villa on the sea, life on board the M8 is calm, harmonious, and serene.

M-LINE CONCEPT

Harmony with the sea

Experience cruising in harmony, the M-Line offers true proximity with the sea, with multiple, easily accessible exterior living areas. Remarkable on the interior, as well, the saloon features large windows and sliding glass doors, providing a panoramic view of the landscape and the sea.

For smoother, more responsible cruising

The two hulls of the M8 confer a natural stability. Her architecture enables fuel consumption and CO² emissions to be cut in half when compared with a monohull with the same volume of livable space.

The M8 is adapted to a gentler, peaceful way of life, in harmony with your environment.

CONSCIOUS YACHTING

At every step in the process of product design, development, construction, and throughout the organization we are committed to reducing the environmental footprint of our yachts so that our customers can enjoy cruising in closer harmony with nature.

The brand follows the Groupe Beneteau action plan, targeting a significant increase in the use of local and bio-sourced materials, as well as lower energy consumption.

Warranty Industry-leading 7-year warranty on the structure, and 3-year comprehensive warranty on M-line yachts.

Vegetable-Tanned Leather

Organic & Fair-Trade Linens

Sustainable Synthetic Teak

Sustainable Wood: ALPI technology, for furniture sourced from FSC-certified and responsibly managed forests

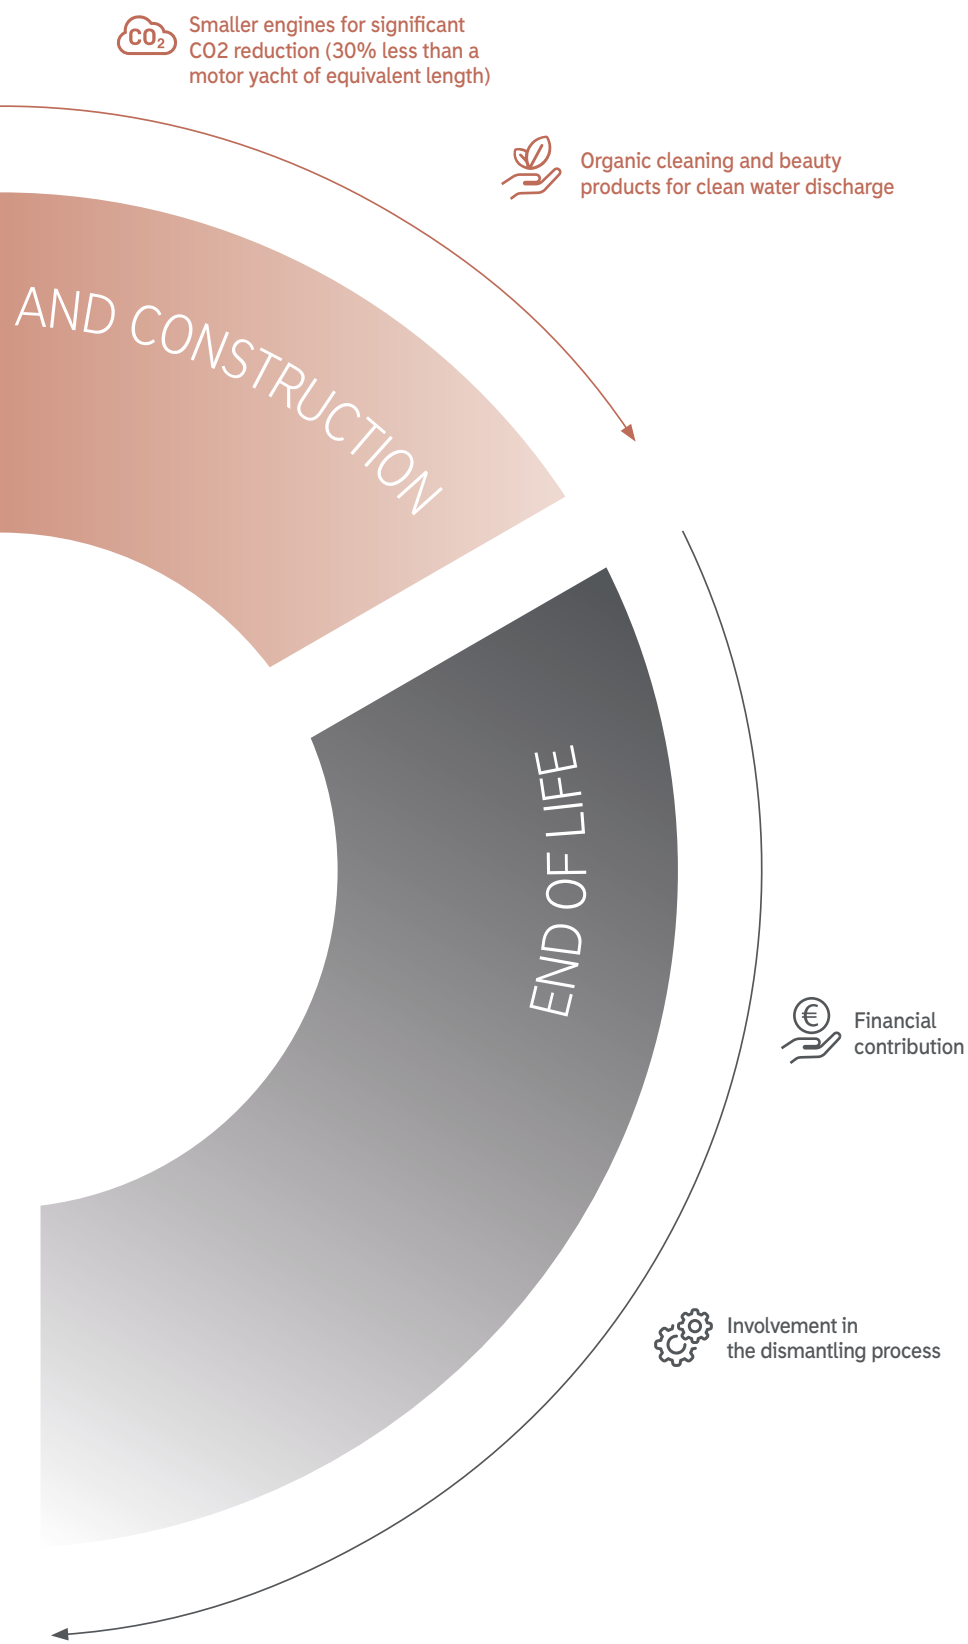

Varnishing: low level of solvents and curing by UV lamps

USAGE DEVELOPMENT

BUILDING AND ENGINEERING

ENVIRONMENT

SILENT MODE:

As an option, the Silent MODE Pack integrates a large surface area of solar panels and a substantial lithium battery bank. This allows to run the yacht for 10 hours at night or 2 hours during the day without the generator running, offering an incredible comfort with no noise pollution, no vibration and no direct CO₂ emissions.

M8^{evo}

In ultimate harmony with the sea

Discover new horizons and reconnect nature, with yourself, and with others in a spacious, refined, luxurious environment: this is the Art de Vivre offered by the new M8^{evo}.

M-LINE
M8^{evo}

Uncompromising comfort for all on board

The main deck has been redesigned to enhance life at sea. The galley has been extended and transformed into a social hub with an integrated bar for casual elegance. A refined dining area now takes center stage in the saloon, providing a formal setting for family dinners. For the first time, there is a dedicated corner for the pilot and crew. This feature ensures comfort and privacy for guests and crew.

Redefining quality standards

M-LINE
M8^{evo}

Discover a refined atmosphere where every detail reflects true sophistication.

The full-beam owner's suite is more spacious, brighter, and imbued with a deep sense of serenity. It represents a new vision of onboard living, where everything, from the luxurious materials to the thoughtfully reimagined volumes, has been elevated.

A new sensation of freedom

Life on board is defined by freedom of movement. The flybridge now extends across the full beam and has been transformed into a true open-air lounge. This evolution invites you to embrace an outdoor lifestyle. Spacious and versatile, this upper deck is bathed in natural light and becomes a second living room.
